Bit: Follow me!

They jump into the water portal. Cocoon, a caterpillar is fishing on a raft in the Spa of laughs and feels a tug on her line.

Cocoon: Ooh, I've got something!

Suddenly she pulls up her catch, Bit and Allison. Cocoon is so surprised she falls into the water where she screams like a man. Her servants the tweedles laugh hysterically at their master.

Tweedles: HEE HEE!!!!

Cocoon: Help me you idiots!

The Tweedles help their master and Allison and Bit out of the Spa of Laughs. Cocoon punishes the Tweedles for laughing at her and makes them paint her nails. Allison takes this opportunity to question Bit.

Allison: What? Why? Where?

Bit fills her in on what's happening.

Bit: Blah, Blah, Blah

Cocoon eavesdrops on their conversation. She secretly sends smoke signals to King Ramonte telling him the location of Bit. Bit and Allison inform Cocoon that they are going to find the Queen.

Bit: We have to find the queen!

Allison: Someone is trying to kill her!

Before they leave Cocoon gives them some mushrooms to eat on their journey.

(Bit & Al enter USL) Tired and hungry from their journey, Bit and Allison decide to eat the mushrooms.

Allison: I feel sick

The two fall to the ground. The Tweedle's arrive and jump up and down laughing at their victims. Wanting to return them to Cocoon, they try to move them, but they are too heavy.

Tweedle 1: Man, what did they eat?

The Tweedle's decide to push Bit and Allison into a ditch, figuring the Venus Flytrap would finish them off. (Tweedles exit USL)

Venus: What's this? Food? Oh No! I want flies!

Disgusted the Venus Fly trap yell's at them to wake up.

Venus: Wake up!

Allison and Bit wake up to find the Venus Fly Trap directly above them. Allison is frightened.

Allison: Aghhhhh!

Bit: Don't worry, he's the Queen's pest control.

Bit and Allison clean themselves off. Bit decides to take Allison to his house where there is a mirror portal to the Queen's garden. (exit USR) (BO)

(Enter DSR)

Meanwhile, the spies have captured Shredder and notify the queen that they have him

Harriet: Your majesty, we have the assassin.

Queen: Who? What? Why?

Shredder: No, Nada, Never!!

Queen: Then you die:

Shredder: Who, I'm Shredder. It was Bit. Why? I have no clue.

Queen: Will you swear your loyalty to me? I have warm milk

Shredder: Do you have fish?

(Queen nods)

Shredder: Deal!

Queen: Release him. Meet me in the garden in 10 minutes.

The queen notices that there are wrinkles on her hands and that she is rapidly aging.

Queen: I am becoming a raisin! (BO)

(Re-enter DSR)

Bit and Allison jump out of the portal in to the Queen's garden. They exit out of Bit's picture and crash into a couple of card soldiers trying to remove his picture. The cards are upset to see Bit.

Bit: Why are you removing my picture?

Cards: The King ordered too.

They hear someone coming. Bit and Allison hide in the rose bushes. It is the queen and Shredder. (enter DSL)

Queen: Why are you taking Bit's Picture down?

Shredder: He is a traitor.

Queen: You are all heartless!

Shredder: Me owwwww! (exits USR)

(Queen pulls off hearts.)

Furious, Bit comes out of hiding and confronts the Queen.

Bit: Your majesty, I thought you were going to anger management!

Queen: I tried for over 25 years, it got old.

Bit: Why do you look like a raisin?

Queen: You know I've ruled for over a hundred years. Where have you been?

Before Bit could answer the queen says.

Queen: Too little, too late. Off with your head.

Allison hears the Queen's threat and jumps out from the bush to stop her. She places her hand on the queen's scepter. The Queen sees that Allison has a heart birthmark on her hand.

Queen: Daughter? Bit, What have you done? You know that I will lose my power if a child of mine ever reaches the Land of Wonder.

Suddenly, King Ramonte arrives with Shredder and he witnesses the Queen rapidly aging.

King: My child! Alive??? You said that she died at birth.

The king runs toward his daughter. Allison is confused. As Allison and her daddy speak the Queen's aging starts to reverse.

Queen: Spies! Off with her head!

King: Shredder, protect Allison!

The King touches the spies with his scepter.

King: You are heartless no more! Wake up from your nightmare and join my side.

The spies join the King's side. The Queen is surrounded. Allison speaks to her mother.

Allison: I am not like you and I do not understand your ways, but I forgive you.

As Allison touches her shoulder the Queen turns to dust. (BO said in darkness)
All that is left behind is her crown, scepter and the kingdom.

(Lights up)

King: All hail, the Land of Wonder's Queen Allison.

(BO) Curtain Call
