Archenemy

Synopses & Reviews

Synopsis:

Discover the fate of Wonderland- and imagination itself- in this riveting conclusion to the New York Times bestselling trilogy.

The Heart Crystal's power has been depleted, and Imagination along with it. The people of Wonderland have all lost their creative drive, and most alarmingly, even Queen Alyss is without her powers. There is some comfort in the fact that the vicious Redd Heart seems to be similarly disabled. Amazingly, she is attempting to team up with her enemy, Alyss, in order to reclaim Wonderland from King Arch. Alyss might have no choice but to accept Reddas overtures, especially when she begins to receive alarming advice from the caterpillar oracles. Page-turning and complex, this culmination of the Wonderland saga is intensely satisfying.

I bought this book on a Friday (I had been anxiously awaiting it's release for

a month or more) and had finished it by that Sunday evening. The Looking Glass Wars Trilogy is an amazing spin on the Alice's Adventure's in Wonderland. Great for teen's or adult readers.
