

Praise for:

ARCHEMEMY

“... maintained the charm and magic that made me fall in love with this series in the first place.”

“The complex story backed with plenty of battle scenes and fully realized characters broaden the appeal of this series from its target audience of young adults to readers of all ages.”

“... imagination is one thing ARCHEMEMY is full of.”

“Page-turning and complex, this culmination of the Wonderland saga is intensely satisfying.”

THE TRUE BOOK ADDICT

“You can so tell that Beddor has movies in his background, but Archenemy reads like a wonderfully scripted film. The characters, settings and everything else are easy to imagine and the action works well from scene to scene. Make sure you have enough copies of this one on hand. MS, HS – ESSENTIAL. KISS THE BOOK

“Frank Beddor’s Intriguing revision of the Alice in wonderland mythos reaches its thrilling conclusion in his final act of *The Looking Glass Wars ArchEnemy*... Beddor takes pains to create a fully realized world populated by multi-dimensional characters that draw readers into the tale. ...there’s also plenty of ancillary action with the supporting players that continues to flesh out the intricately designed and magical Wonderland.”

“Great for teens and adults of all ages...”

“Backed by electric, heart-pounding action, interesting subplots... what I love most about *ArchEnemy* and the trilogy as a whole, is the creativeness of the author, which is evident in everything from Wonderland itself to the unforgettable cast of characters to the technology used in the trilogy...*ArchEnemy* closes out Frank Beddor’s *The Looking Glass Wars* in an exciting fashion and cements the trilogy as one of the best new YA fantasy series currently published...”

Fantasy Book Critic

“This series is a rich and original re-imagining of Alice in Wonderland. It blurs genre lines and is unlike any other series out there. *ArchEnemy* was a perfect conclusion to one of my favorite series. If you enjoy fantasy novels or Alice in Wonderland, I highly recommend *The Looking Glass Wars* series.”

“The climactic battle for Wonderland is outstanding and extraordinary reading for all generations!”

COMIC STORY ARC

“Reading through the final volume of Beddor’s take on Carroll, I was struck by a few things about the uber-plot that stuck out to me. The first is that the plotting really is quite tight. The arc that swings across the three novels plays fair, and you never once get the sense that Beddor is making things up as he goes. By the conclusion of ARCHENEMY, you can see that he was planning for his ultimate conclusion all along. And that he had a conclusion in mind that would deliver a strong moral message is just icing on the cake for the younger readers who will find these books and absorb them. The way that Beddor used his prose sort of forced me to use my imagination to get a clear picture of exactly how things looked and worked in his Wonderland. Considering the subject of these novels, wouldn’t you have to say that was exactly the point? Well played, author. Well played, indeed.”
