CBR News has been provided with an advance look at "The Looking Glass Wars: Hatter M" #4 by Frank Beddor, Liz Cavalier and Ben Templesmith. Shipping this week from [Image Comics](#), this issue concludes the first comics outing for Beddor's widely popular "Looking Glass Wars" series, which turns the conventional notions of [Alice in Wonderland](#) on its ear, providing readers with "the real story." CBR News has spoken to Frank Beddor a number of times about his ever-growing franchise, first in an edition of [Robert Taylor's REFLECTIONS](#), again in an [interview with Jonah Weiland](#), and finally in an [interview with myself](#).

Interestingly, mega-retailer WalMart is offering an [exclusive bundle](#) of "Looking Glass" products, including Beddor's original novel, the first issue of "Hatter M," and the official soundtrack album on CD. This is to our knowledge the first time a non-Marvel or non-DC title has been offered in such a way by a retailer of WalMart's kind. What's not available in the bundle is the official "Looking Glass Wars" online card [game](#), which [CBR News reported on back in September](#).
