Golem: 1 Magic Berber

Marie-Aude Lorrin and Elvire Murail

Are you a sci-fi or a computer game fan? Then get yer mitts on *Golem 1!* There's no beating this awesome series about a bunch of kids who get addicted to a computer game. But is it just a game, or is it something way spookier? We love it!

The Looking Glass Wars

Frank Beddor

This book claims to tell us the real story of *Alice In Wonderland*. Behind the classic tale we all know and love, this book is inspired by a deck of mysteriously glowing cards that tell the sinister story of *The Looking Glass Wars*. This is a much darker fairytale – it's super spooky, but brilliant!
